Who are we?

We are a Disabled People's Organisation.

This means we are:

- run by women and girls with disability
- for women and girls with disability.

Our aim is to make life better for women and girls with disability in Australia.

We support women to take part in:

- the community
- politics
- their **culture**

Your culture is:

- your way of life
- the way you think or act because of the way you grew up.

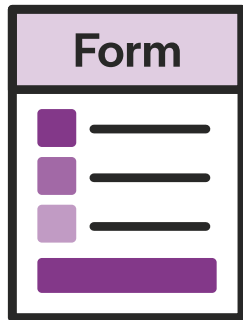

We speak up for women and girls with disability in Australia through:

- talking to government about women with disability
- telling others how women with disability can be supported
- creating information resources
- doing research.

These are called our objectives.

What we need from you

An icon representing a form. It consists of a purple rectangular box with the word "Form" in white text at the top. Below the box, there are three horizontal lines of varying lengths, each preceded by a small purple square, and a larger purple rectangular box at the bottom, all within a black border.

You can fill out the form below to join WWDA.

A friend, family member or support person may be able to help you.

You can tell us as much about yourself as you want.

But you don't have to tell us everything if you don't want.

The information you give us helps us work out if there is an event near you that we should tell you about.

It will help us to know things like:

- your age
- where you live.

You don't have to tell us about your disability.

We will keep your information safe.

You can find out more about how we keep your information safe in our Privacy Policy.

What membership type do you want?

There are 2 types of memberships to choose from:

- a Full membership
- an Associate membership.

Full membership is open to all women with disability in Australia.

When you **identify as** something, you say that you belong to a certain group of people.

Full membership is open to people who identify as:

- **non-binary** – you don't identify as male or female

- **gender fluid** – when you decide to change your gender at different times in your life.

Your gender is what you understand about who you are as a person.

It isn't about whether your body is male or female.

Associate membership is open to:

- organisations in Australia
- people without disability in Australia who identify as:
 - women
 - non-binary
 - gender fluid.
